

COMMISSION TO INQUIRE INTO CHILD ABUSE

**Institution: Our Lady of Succour Industrial School,
Newtownforbes, Co Longford**

In the years 2000 and 2001 the Investigation Committee invited any person who had experienced abuse in childhood in an institution to come forward to give evidence of that abuse.

The Investigation Committee is now gathering evidence from **all other sources** about institutional care of children including care in the above institution, particularly during **the years 1939 to 1969.**

The Investigation Committee would like to hear from:

- Persons who have knowledge of the above institution through professional, work or business contacts, or residence in the locality or otherwise, and
- Former residents of the above institution who consider that their experience of life in the institution was positive.

If you feel that you can assist the Investigation Committee, please contact Ms. Kathy Carron B.L. Inquiry Officer (direct line: 01-6441102) **not later than 15th March, 2003.**

Former residents who make contact will be told of measures which will be in place to protect them against public disclosure of identity.
